

CHAPTER 2: MARKER FOR UT DESIGNER AGREEMENTS AND PAYMENTS CHANGES

The following designations have been supplemented to reflect requirements by UT. Changes are noted in Owner Information Section 1.06 of this Manual unless noted otherwise.

1. Article 2.02.B.2
2. Article 206.K

CHAPTER 2: DESIGNER AGREEMENTS AND PAYMENTS

2.01 STANDARD FORMS OF AGREEMENT AND ATTESTATION FORM

- A. The Owner uses the following standard forms of agreement between Owner and Designer under the authority of the State Building Commission. The forms are available on the web site of the Office of the State Architect (OSA).
 1. SBC-6 Standard Form of Agreement between Owner and Designer
 2. SBC-6s Standard Form of Supplement to Agreement between Owner and Designer
 3. SBC-6a Terms and Conditions for Agreements between Owner and Designer
- B. The Owner uses the F23 Attestation form provided in Appendix 1 with the forms of agreement.

2.02 STANDARD FORM OF AGREEMENT BETWEEN OWNER AND DESIGNER

- A. The Owner will inform the Designer of selection as Designer for the Project and request completion of a F22 Designers Agreement Information provided in Appendix 1. The Owner will prepare the Agreement utilizing project information and information the Designer provides on the form. The Owner will transmit the prepared Agreement to the Designer with attachments. Listed below are additional comments on portions of the Agreement prepared by the Owner.

1. Project information on the Agreement corresponds to the project information approved by the State Building Commission.
2. Design Phases to be completed for the Designer's Basic Services correspond to those authorized by the State Building Commission. Design Phases are defined in the Terms and Conditions.
3. The Designer's Basic Services are in most cases compensated by a lump-sum fee calculated as a percent of the Maximum Allowable Construction Cost (MACC) in accordance with the formula provided in the Terms and Conditions. Example calculations for a lump-sum fee for Basic Services are provided below. Calculated fee amounts are rounded to the nearest dollar.

New Construction Project: \$2,000,000 MACC
Fee Percentage: $35 / (\log (\$2,000,000) - 1.15) = 6.795\%$
Fee: $\$2,000,000 \times 0.06795 = \underline{\$135,895.00}$

Renovation Project: \$1,000,000 MACC
Fee Percentage: $35 / (\log (\$1,000,000) - 1.15) = 7.216\%$
Fee: $\$1,000,000 \times 0.07216 \times 1.25 = \underline{\$90,206.00}$

4. When the Designer's compensation for Basic Services is by a Multiple of Direct Expense with a Not to Exceed Maximum Fee, the maximum amount is normally not more than the calculated Lump Sum Fee.
5. The Owner will discuss with the Designer the appropriate durations in days for each Design Phase and agree upon the durations to be stated in the Agreement.
6. Only the Principal(s) can act for the Designer in execution of the Agreement and subsequent modifications. The Principal(s) receive no more than the hourly compensation at the Principal's rate shown on the Agreement.

CHAPTER 2: DESIGNER AGREEMENTS AND PAYMENTS

- B. The Designer completes the Agreement and attachments as described below and returns them to the Owner.
 - 1. The Agreement and the corresponding F23 Attestation shall be signed by an individual legally empowered to bind Designer to Contract, and listed as a Principal in the Agreement. If a joint venture, an authorized individual of each firm shall sign.
 - 2. Attach to the Agreement a certificate or certificates of insurance meeting the requirements of the Agreement and showing the names of insured, producer, and carrier(s), the Owner as certificate holder, and the customary stipulation of notice in the event of change or renewal. When the Designer is a joint venture, certificates shall recognize the joint venture relationship, and the limit of liability for each firm in the joint venture shall not be less than the required total limit divided by the number of firms. Values of all limits and deductibles need to be given in like units. The Designer shall send to the Owner renewed insurance certificates throughout the duration of the project.
- C. The Owner secures the required Owner signatures and provides one fully signed copy to the Designer.

2.03 STANDARD FORM OF SUPPLEMENT TO AGREEMENT BETWEEN OWNER AND DESIGNER

- A. The Standard Form of Supplement is used for modification of an Agreement. The Supplement is processed in a manner similar to the Agreement; it is initiated by the Owner, completed by the Designer, signed by the Owner, and then signed by the State Architect.
- B. Article 3 provides the amount of professional liability insurance coverage required by the Owner for the project including this Supplement. The Designer shall attach updated insurance certificates.

2.04 ADDITIONAL SERVICES PROVIDED UNDER AGREEMENTS

- A. Additional Services may be provided by the Designer to the Owner under the previously executed Agreement in accordance with the Terms and Conditions.
- B. Additional Services require written Owner approval prior to the time the Additional Services are rendered. The Owner's written approval is typically made in response to the Designer's written proposal for Additional Services.
- C. All invoices for Additional Services shall be submitted prior to final billing for Basic Services.

2.05 REIMBURSABLE EXPENSES INCURRED UNDER AGREEMENTS

- A. In accordance with the Terms and Conditions, Reimbursable Expenses incurred by the Designer may be submitted to the Owner for payment.
- B. All Reimbursable Expenses require the Owner's prior written approval.
